

*Come porch  
with us!*

The text "Come porch with us!" is written in a white, cursive font. Each letter has a yellow drop shadow. The text is arranged in two lines: "Come porch" on the top line and "with us!" on the bottom line. There are two sets of three radiating yellow lines, one set below "Come porch" and one set below "with us!".

## *What is porching?*

In 2014, the Harrison Center began encouraging people to gather on their porches for Porch Parties with friends and neighbors to share food, drink and to help cultivate a sense of community in our urban neighborhoods.

Join us for a drink or snack on our front porch!
